

SAVE MONEY AND ENERGY WITH APPALACHIAN POWER'S ENERGY EFFICIENCY PROGRAMS FOR BUSINESSES

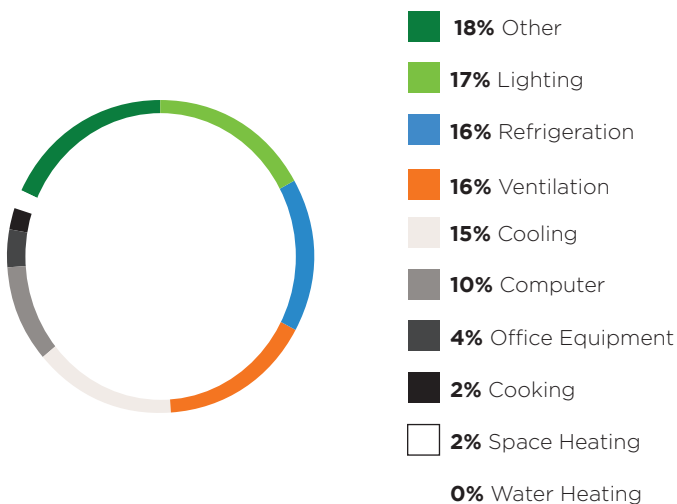

TAKE CHARGE™

ENERGY SAVINGS FOR COMMERCIAL BUILDINGS

Did you know that you can spend less money and improve comfort and safety in your commercial building? For example, investing in new LED lighting can save energy, boost your outdoor safety by making areas brighter, and deliver the 'natural' light that helps workers be more productive.

The TakeChargeVA Program can assist you with custom energy efficiency projects at your office or commercial building. We provide financial incentives for new energy efficient equipment and act as your trusted energy advisor. We can even help with paperwork, so you can focus on helping your occupants be as productive and safe as possible.

HOW OFFICES & OTHER COMMERCIAL BUILDINGS USE ENERGY:

KEY WAYS TO SAVE:

- Lighting and smart lighting systems
- Office equipment
- HVAC equipment and controls
- Building envelope
- Building automation

AN ENERGY EFFICIENCY PROJECT COULD HELP YOU:

- Increase productivity
- Boost safety
- Raise occupant comfort
- Lower costs
- Improve safety

START SAVING TODAY!

We encourage you to explore further ways to reduce your energy use – and our program can help! If you have additional questions, please visit [TakeChargeVA.com/Business](https://www.takechargeva.com/Business) or call 833-402-2221.
