## Business Energy Solutions Program

The Appalachian Power Business Energy Solutions program provides cash rebates and technical assistance for any cost-effective energy efficiency project.

Whether you're running a small business or large corporation, your company may qualify to receive cashback for improvements to your facility's **lighting and controls, ventilation, cooling systems, refrigeration** and **kitchen equipment**, and more.

Energy efficiency provides numerous benefits to both you and your customers. Installing more efficient equipment while utilizing Appalachian Power incentives can help your business save energy and money!

### Steps to Project Completion:

#### ✔ Trade Ally

Trade Allies install energy efficient measures at your facility. They can also help you with project paperwork and timelines. You can find a Trade Ally to work with at **TakeChargeVA.com**.

#### ✔ Start Your Project

Once accepted and approved, you have **90 days to complete the project**. Extension requests will be reviewed on a case-by-case basis.

#### ✔ Contact Our Team

We can answer any questions you may have about your project.

#### ✔ Submit Final Paperwork

This can be done by you or your trade ally; call us with any questions!

#### ✔ Get Incentives

Incentive checks are typically paid within four weeks of final verification and approval. The limit per account is **\$25,000** per program.
