

## Clean Up Energy Waste with Pre-rinse Spray Valves

For Appalachian Power's Small Business Customers in Virginia

Your commercial kitchen can save more than \$900 annually in energy and water costs by switching to an Energy Star® pre-rinse spray valve (PRSV). Plus, with the Small Business Direct Install (SBDI) Program through Appalachian Power, you can get up to \$200 to help you with the cost of a new valve! These PRSVs must replace an existing unit to receive the incentive.

### SPRAY VALVE INCENTIVES:

Category	Flow	Incentive	Potential Annual Water Savings	Potential Annual Energy Savings
1	1.6 gpm	\$54	70,000 gallons	\$400-\$700
2	1.28 gpm	\$100	90,000 gallons	\$525 - \$825
3	1.15 gpm	\$200	100,000 gallons	\$600 - \$900

### HOW TO START SAVING:

-  Visit [TakeChargeVA.com](http://TakeChargeVA.com), call 1-833-402-2221, or email [TakeChargeSavings@trccompanies.com](mailto:TakeChargeSavings@trccompanies.com)
-  Schedule your Quick Energy Checkup (QEC) to identify energy and cost-saving opportunities. The QEC is provided at no cost.
-  Take advantage of energy savings identified by installing energy efficiency measures like PRSVs, and get incentive money!
