

## SPECIAL PPN INCENTIVE OFFER

**Do you have a “new” customer with a project that qualifies for a TVA EnergyRight® incentive?** If so, you can receive an exclusive offer from TVA EnergyRight for Preferred Partners Network (PPN) members.

From now until **February 4, 2024, or while supplies last**, submit an incentive project for a new customer (verified via EIN) and receive a \$100 Amazon eGift card when the customer signs the application.

This opportunity is available for all energy efficiency project types, including HVAC projects installed within the previous 60 days of the application.

PPN members are limited to five cards per calendar year. **Can you reach this year’s limit before February?**

For your reference, the PPN dashboard provides the historical customer projects you have submitted. For additional information, contact your Outreach Rep or email [PPN@tva.gov](mailto:PPN@tva.gov).
